## Karaoke

Unfortunately karaoke was held in old clubhouse because of work being done on stage area. We had around 20 people enjoying the singing of others, singing along, and dancing. We had a new couple, Tom & Nancy Woodward, who got up and sang. What a great voice and the applause that they got. Great to have new singers. Flyers will be put out for next month's karaoke and we hope to see a lot of new people coming to enjoy. You don't have to sing, just come dance, relax, or tap that foot. Hope to see you there.

## Don & Althia

We had a great time at **karaoke** on Saturday evening. Lots of great songs. You don't have to sing to come and enjoy the music. Don and Althia host karaoke the 2nd Saturday from 6-8. So mark your calendar and join the fun.

For our **JULY LADIES LUNCHEON** we went to Playa in Orange Beach. We had a nice attendance and a great group of ladies as usual. Our food and drinks were half price, and everyone took advantage of it. we had six ladies celebrate birthdays and anniversaries. We had three guests to join us, and really enjoyed our company. The restaurant was very nice, roomy and bright, and on the water. The food and the service was great, we will have to do a rerun. we will be going to Acme oyster house in August. Look forward to seeing you there. The ladies have a great when we get together. Ladies come join us and guests are always welcome. If you are able please call before 10:30 on the Monday before if you cannot make the lunch. God bless each of you. Jeanne Pingleton

## **B-I-N-G-O**

In case you did not know - - we play B-I-N-G-O at the clubhouse on the 2nd and 4th Tuesdays of every month. We start at 6:30 pm, and we play for approximately an hour. In that hour, we usually play several "games". Each "game" consists of 3 variations of BINGO, and can be a lot of fun.

The first variation is traditional, straight line BINGO (Vertical, Horizontal or Diagonal) with the winner getting one single BINGO on a card. The second variation is that the winner has to get TWO BINGOs on one card (in this variation, covering each of the 4 corners counts as a BINGO). The third variation will mean that the winner covers their numbers in a pattern determined by the caller before that game started.

The last "game" of the evening will be the "coverall", where every number on the winning card has to have been called.

Our crowds vary in size, depending on our player's personal schedules - - most nights we have 8 to10 players.

We encourage you to join us for an hour or so of fun and great socializing - - where you might just win enough nickels to buy a burger at McD's - - the burgers ARE still selling for 15 cents, aren't they???

## CRAFT NEWS

Here are the ladies having fun learning to fold pages of a book to make a vase. This is our first class in our new craft room. Lots of conversation and laughter. We had 14 ladies learning a new craft. Next month we'll learn how to make flowers out of book pages to decorate the vases. We had 2 residents that this was their first craft class. So if you are interested in learning a craft watch for the monthly sign up sheets.

**CRAFTERS**...do you have a project that you are having a hard time working on? Or one that you want to start but just can't seem to find the time? Well grab your project and join us the 1st Monday of the month at 1:00 in the new craft room. You'll meet other crafters and it's lots more fun working on a project when you can visit with other's. It's a great time to share ideas and see what others are doing. Even if you don't craft stop by and see what everyone is doing. Do mark your calendar and we'll see you there.

Come join in the fun at **BUNKO!** Last Month winners were Barbara most wins, Connie most Bunko , Nancy most loses and Fred won the drawing . We had four full tables . Lots of laughs and great friends.

Next month Monday August13. And as always Wine and Snacks.

7-3-18 **TRIVIA** was hosted by Connie & Mark McCandles and enjoyed by 24 Grovers. New to the game this time were Jeff & Leslie and Cheryl & Earl living on Millspring. There was fun discussion on questions like:

What was the first western series on tv?

Which president established NASA?

Of Aritha Franklin, Condolessa Rice, Hank Aaron (and a couple other names!) who was not born in AL?

(No answers here—you have to come & join the fun!)

The winning trophy for the session was awarded to Don, Joyce, Killer, Mike, Bobbie & Dick.

But the consolation prize was shared by the other 3 teams, who were each only 1 point behind the winners!

Next trivia is scheduled for July 17, hosted by Linda & Bunny—plan on joining in on the fun discussions.

**WE DO NEED HOSTS** for the remainder of the year. Please see the sign-up sheet and become a host--it's as much fun coming up with the questions as it is getting the answers!

## MORE **TRIVIA** FUN!

Trivia is the first and third Tuesday's if the month. We all had fun trying to answer Linda 's questions. See the smiles on the winners table and the last place trophy table were pretty happy too. It's lots of fun and you work as a team to come up with an answer. So mark your calendar for the 1st and 3rd Tuesday's at 6:30. Residents take turns at hosting and coming up with the 20 questions. Look forward to seeing you there!

# Fall-Safe Advice

Learn how to land to lower your risk of injury.

**Knowing the right way to fall and land can reduce the impact,** says Scott Trudeau, PhD, an occupational therapist at the American Occupational Therapist Association. Here's how to land properly to avoid getting hurt.

**1. Turn to the side.** Instead of smacking the ground frontward or backward, shift your weight so that you land on your side. "You want to land on a fleshy part of your body, such as your thigh, butt or upper arm," says Trudeau. Try to avoid landing on your hip or elbow.

**2. Tilt your head down.** Hitting your head may lead to a concussion or worse. If you're on blood thinners, it may lead to dangerous bleeding in the brain. To avoid knocking your head on the ground, bend it downward to your chin. If you

fall forward, raise your arms with elbows bent to cover your head.

**3. Relax your body.** It sounds like the last thing you should do, but going limp helps you roll to the ground, absorbing

your fall, your wrists or knees may get most of the impact, which can lead to a fracture or break. Instead, keep your wrists, elbows and knees bent.

**5. Take your time getting up.** "Because your adrenaline is on high, you may not notice an injury right away," says Trudeau. Before you get up, take a moment to see if anything's hurt. If all is well, slowly get back to your feet.

**8 million**  
PEOPLE SENT TO THE EMERGENCY ROOM DUE TO A FALL EACH YEAR

some of the shock. If you're rigid, you're more likely to get hurt. Try breathing out and relaxing your muscles as you fall.

**4. Avoid stretching out your arms or legs.** If you throw them out to break

**6. Tell your doctor.** If you have pain or an injury, get medical attention. Even if you feel fine, mention your fall at your next doctor visit. Your physician may be able to help you avoid future spills. —SHARON LIAO
